

Eco-Home Services

Website Assessment & Conversion Roadmap — Updated

This assessment builds on the initial site review and incorporates a full services and pricing structure for ecohomeservices.ca, aligned with the current ad packages running for each service line. The goal is a site that ranks locally, converts visitors into quote requests, and clearly communicates pricing and scope before a customer ever picks up the phone.

1. Current Site: Strengths & Gaps

The site has a clear quote form, visible contact information, and a clean, simple layout. Right now, though, it is bare-bones: it lacks trust elements, a detailed services breakdown, defined pricing, and strong conversion triggers throughout the page.

2. Recommended Page Structure

Ideal page flow:

- Headline + value proposition
- Call-to-action button
- Services list
- Why choose us
- Service areas
- Quote form
- Contact info

Navigation menu:

- Who We Are
- Services & Pricing
- Gallery
- Testimonials / Success Stories
- Contact Us
- Exclusive Offers (optional)

3. Hero Section

Use a top image that drives conversions — a real work photo of a technician, a before/after split image, or a lifestyle shot with a happy homeowner. Include the logo and a clear, keyword-rich headline.

Suggested H1 options:

- “Reliable Handyman & Home Services in Ottawa – Fast, Affordable, Trusted”
- “Handyman & Property Services in Ottawa & Barrhaven”

Pair this with a value proposition such as: “Delivering reliable, affordable, and professional home services — locally owned and operated, with guaranteed workmanship. Serving Barrhaven, Manotick, and Riverside South.”

Replace “LEARN MORE” with a stronger call to action: “Get a Free Quote.”

4. Services & Pricing

Below is the recommended services menu for the site, built around the current ad campaign categories. Each line should get its own short block on the Services page (icon, 1-line description, starting price, and a “Get a Quote” button), with the sub-services listed as bullet points beneath.

Service	Starting Price	Crew Size	Sub-Services
Moving & Transition Support	From \$400	1–3 crew	Local residential moving • Long-distance moving • Furniture & piano moving • Packing, unpacking & organization • Loading / unloading labour only
Interlock Installation	Get a Quote*	2–3 crew	Driveway interlock installation • Walkway & patio interlock • Interlock repair & releveling • Retaining walls • Interlock sealing & cleaning
Fence Installation	From \$85/linear ft	2–3 crew	Wood fence installation • Vinyl / PVC fencing • Chain-link fencing • Aluminum & wrought-iron fencing • Gate installation & repair
Sod Installation	From \$3.75/sq ft	2–3 crew	New lawn sod installation • Lawn grading & leveling prep • Sod repair & patching • Topsoil delivery & spreading • Overseeding
Snow Removal	From \$450	2–3 crew	Single driveway clearing — from \$450 • Double driveway clearing — from \$550 • Sidewalk & walkway shoveling • Salting & de-icing • Seasonal contract plans
Painting	Get a Quote	2–3 crew	Interior painting • Exterior painting • Cabinet refinishing • Deck & fence staining • Drywall repair & prep
Cleaning	From \$65/hr	2–3 crew	Residential house cleaning • Move-in / move-out cleaning • Post-construction cleaning • Deep cleaning • Window cleaning
Carpet Installation	Get a Quote	2–3 crew	New carpet installation • Carpet removal & disposal • Carpet stretching & repair • Underpad / padding installation • Stair carpeting
Home Improvement	Get a Quote	2–3 crew	Kitchen renovations • Bathroom renovations • Basement finishing • Flooring installation • Deck & patio construction

*Interlock: confirmed starting cost is \$25/sq ft, but this figure should stay off the public site for now — show “Get a Quote” on the Services page and quote form until you're ready to publish a number.

Painting, Carpet Installation, and Home Improvement are quote-only for now, which is fine for higher-variability jobs — just make sure the quote form clearly promises a fast turnaround (e.g., “Quoted within 24 hours”) so “Get a Quote” doesn't read as a dead end.

Snow Removal: publish the \$450 (single driveway) / \$550 (double driveway) tiers directly on the Services page — concrete seasonal pricing like this converts well. Note internally that neighbourhood/referral promo codes can discount up to \$15 off; keep the discount code mechanism off the public price table and surface it only through the Exclusive Offers section or a promo banner.

Replace the current “OUR SERVICES” write-up with something less limiting and more conversion-focused:

“At Eco-Home Services, we provide reliable, year-round home support to keep your property in top shape — inside and out. Whether you're moving, maintaining, or improving your home, our team is ready to help with flexible, professional service you can count on.”

4a. Cleaning: Premium Positioning

Cleaning is priced to compete on quality rather than being the cheapest option on the market. At \$30–\$40/hr for a single cleaner, budget operators typically can't cover fair wages, payroll burden, insurance, and supplies while still leaving room for profit. Landing in the professional-to-premium band supports better pay, training, and retention — which is what actually drives repeat customers and referrals in this category.

Market positioning (for reference, not for publishing):

Tier	Budget	Professional	Premium
Hourly (1 cleaner)	\$30–\$40/hr	\$40–\$55/hr	\$55–\$75/hr
Team of 2	\$60–\$80/hr	\$80–\$100/hr	\$100–\$140/hr
Deep cleaning	\$200–\$350	\$300–\$500	\$400–\$800+

Chosen rate: \$65/hr (single cleaner), which sits at the upper end of the professional band and just inside premium — leaving room to grow into full premium pricing as the brand and reviews build up.

Where the \$65/hr goes (illustrative breakdown):

- Cleaner wage: \$28–\$35/hr
- Payroll taxes / WSIB / CPP / EI: ~\$5–\$7/hr
- Supplies & equipment: ~\$2–\$4/hr
- Insurance, software, vehicle, marketing: ~\$8–\$12/hr
- Profit: ~\$10–\$18/hr

Suggested internal pay scale:

- Trainee: \$22–\$24/hr
- Professional Cleaner: \$26–\$30/hr
- Senior Cleaner: \$31–\$36/hr
- Team Lead: \$35–\$42/hr

Consider layering in a customer-review bonus, attendance bonus, upsell commission, and quarterly performance bonus once the team grows — these support the premium positioning without raising the base wage bill all at once.

What justifies the higher price to customers:

- Fully insured and bonded cleaners
- Background-checked employees
- Uniformed, professionally trained staff
- High-quality, eco-friendly products
- Detailed checklists with quality inspections
- On-time arrival guarantees
- Easy online booking and communication
- Satisfaction guarantee (issues corrected within 24 hours)
- Consistent cleaning teams whenever possible

If flat-rate pricing by home size is preferred over hourly billing for the website, the ranges below are consistent with the \$65/hr premium positioning:

Home Size	Standard Clean	Deep Clean
1 Bedroom	\$150–\$190	\$250–\$350
2 Bedroom	\$180–\$250	\$325–\$450
3 Bedroom	\$250–\$350	\$450–\$650
4 Bedroom	\$325–\$450	\$600–\$850
5+ Bedroom	Get a Quote	Get a Quote

5. Trust Builders

Add trust builders (as applicable and verifiable) to the “Why Choose Us” or “Who We Are” sections:

- Fully insured
- Verified customer reviews and testimonials
- Industry certifications or accreditations
- Guarantees or warranties on services
- Transparent pricing with no hidden fees
- Years of experience in the field
- Background-checked and trained professionals
- References available upon request
- Membership in professional organizations
- Use of high-quality tools and materials
- Commitment to eco-friendly practices

6. Testimonials & Success Stories

Add 3–4 customer testimonials or short success stories to boost credibility and conversions, e.g.:

“Fast, reliable and fair pricing – highly recommend!” — Customer, Barrhaven

7. Pricing Transparency

Provide rough pricing guidance in the navigation menu to build trust and filter leads:

“Eco-Home Services pricing typically ranges from \$120–\$300 per job. We provide quality solutions tailored to meet your home’s needs, ensuring optimal care at competitive rates — combining industry expertise with eco-friendly practices, while maintaining transparency and affordability.”

- Free quotes
- No-obligation estimates
- Transparent pricing

8. Quote Form Improvements

Enhance the quote form by adding a phone number field and a photo-upload option for faster, more accurate quotes. Update the “Select a Service” dropdown to match the 9-line services menu above.

9. Stronger Calls to Action

Upgrade CTAs to phrases like “Get a Free Quote Today” with large, repeated buttons throughout the page — not just at the top.

10. Why Choose Us

“Eco-Home Services provides trusted, professional support for Ottawa homeowners, offering fast, friendly, and professional assistance no matter the task.”

- Versatility — one team for multiple services, no need to coordinate multiple contractors
- Reliability — clear communication, on-time service, attention to detail
- Affordability — competitive pricing without sacrificing quality
- Flexibility — customized solutions tailored to your schedule
- Assurance — fully insured services backed by guaranteed results
- Local focus — proudly serving Ottawa and surrounding areas

11. Gallery / Portfolio

Add before/after photos and project examples — even phone photos — to build credibility and differentiate from competitors. Organize by service category so the gallery reinforces the pricing table above.

12. Who We Are

“At Eco-Home Services, we’re a locally based team dedicated to making home ownership easier, more efficient, and stress-free. We provide reliable, hands-on support for everyday home needs — whether it’s moving, repairs,

maintenance, or property preparation. Our team brings a practical, problem-solving approach to every project, showing up on time, working efficiently, and leaving your space better than we found it.”

13. Service Areas (critical for local SEO)

We proudly serve:

- Ottawa
- Barrhaven
- Nepean
- Riverside South
- Kanata
- Orleans

14. Exclusive Offers

- First-time customer discounts
- Referral program
- Seasonal promotions
- Package deals (e.g., moving + packing, or sod + interlock)
- Group / neighbour discounts
- Express scheduling offers

15. Next Steps

- Finalize confirmed pricing for Sod, Painting, Cleaning, Carpet, and Home Improvement
- Rebuild the Services page around the 9-category table in Section 4
- Add trust builders, testimonials, and a gallery
- Update quote form fields and CTA copy
- Publish Service Areas section for local SEO
